

The Technological Institute of the Philippines (T.I.P.) is a premier technological, engineering, and computing higher educational institution committed to educating, empowering and developing students who could turn the wheels of progress and industry.

T.I.P. was established in 1962 and was founded by Engineer Demetrio A. Quirino, Jr. and Dr. Teresita U. Quirino. The school currently has close to 20,000 SHS, Undergraduate, and Graduate Program students across its Manila and Quezon City campuses.

Using an outcomes-based educational model with its locally and globally accredited programs, T.I.P. students acquire industry-desired qualities and essential experiences that better equip them to be effective as soon as they enter the workforce.
