Remote learning made possible with T.I.P. LEADS

T.I.P. LEADS — LEARNING EXPERIENCE USING ALTERNATIVE-DESIGN SYSTEMS

Modular Delivery of Courses

T.I.P.'s semestral courses are going modular! Unlike a regular semester wherein students take 9 simultaneous courses for 18 weeks, T.I.P.'s modular delivery allows students to complete 2 to 3 courses every 6 weeks until the semester is done. The beauty of the modular approach is that students shall only focus on a handful of online courses to achieve a study-life balance. They do not have to be in front of their device all day.
